We want YOU!

We want to look after you and make your experience with us a great one. Our team above is dedicated to your well-being. You can approach them at any time and they will be more than happy to help you.

We are here to serve you and welcome you to England or Malta.

Top reasons why you should choose Cavendish School of English

Family-run business with a caring and supportive environment:

We strive to ensure that our students are happy and relaxed. Getting to know each student by his/her name regardless of the group size is a priority for us. We are a family-run business with 6 family members actively being involved with the day-to-day running of the school and we personally take responsibility for each student. We also have a Welfare Officer who is entirely dedicated to looking after Cavendish students.

Great home stays in Bournemouth

Our own coaches and buses allow us to use home stays which can't be used by any other school. Most schools in Bournemouth are located near the town centre – and so are we. However, as students expect to reach hosts within walking distance of the school, the number of home stays to each school is limited. Therefore all schools have to fight for home stays. They know that they're needed and therefore behave in a rather unwanted way. Instead of caring hosts, some families become a guesthouse with up to 15 students. We don't like those hosts for our junior students and instead of having them walk for 20 minutes we drive them to their home stays. These hosts only get students from us and therefore know that they have to adhere to our guidelines as otherwise we wouldn't use them anymore. In the end that means our students are staying with who we consider to be the kindest, most caring hosts in Bournemouth.

Ideal Location:

Our Bournemouth school is within 3 beautiful buildings in a quiet residential area just minutes away from the golden beach, shops, cafés, restaurants, and pubs. Everything you need is close by: the town centre can be reached within just a 5 minute walk.

Exclusive pick-up and drop-off service:

Our special service for premium junior groups is the pick-up and drop-off of students from their hosts up to 4 times a day by our own coaches/buses. We are not aware of any other school providing this kind of service. Parents love this service as it provides a unique way, especially for very young students to get from and to home safely even in the dark.

We have our own Tour Guides

Cavendish School of English prides itself in training its own tour guides. Unlike most other schools who use their activity leaders or teachers or none at all, most our excursions are accompanied by an experienced tour guide. Our leaders are here to look after the students - nothing else. Our tour guides have been trained to guide foreign students thus adapting their tours to the English level of the students. The rich history and cultures of both England and Malta deserve a professionally guided tour which would also benefit the students' educational experience.

Experience:

Established in 1983, we have 35 years of experience in teaching English to foreign students.

Own transport fleet:

We provide the option of coach travel by our own coach company, to and from Europe if required.

Unique junior summer programmes:

Summer Camps are full of fun. We invite you to compare the number and quality of excursions we offer with those offered by other schools. Most schools will provide 3 - 4 excursions per 2-week-stay. With us your students will enjoy 7 - 9 quality excursions (not just the neighbouring town) within a 2-weeks-stay. Excursions are the most expensive part of a summer camp, that's why most schools will only provide a few of them. As we have our own coaches, we can afford to offer so many excursions. Our experience has taught us over the years just what students want and how to give them what they want. We will not be beaten on junior group vacation programmes. With so many years experience in bringing school groups to England for vacation courses, our length of time in business speaks for itself.

Separation of Juniors and Adults:

Within school grounds adult students will enjoy their own building, own IT area, dedicated reception and even a separate DoS/Academic team.

Safety first!

In 2005, Bournemouth was voted the safest town for children in the whole of the UK. Plus, our staff and leaders are trained to make sure we are compliant to Health & Safety Standards at all times.

We provide a friendly and caring atmosphere with a local doctor available 24 hours a day. From their arrival through to their departure, our students are under the constant care and attention of experienced staff, who receive regular training and advice on the care and education of under-18s, their supervision and security. In addition to this, all staff hold a criminal record background check to ensure their suitability to work with under-18s.

Our Safeguarding and Child Protection policies and procedures, reviewed annually, are available upon written request.

We systematically collect feedback from pupils, parents and staff to keep improving the quality of our programmes.

It is said Bournemouth has the cleanest air and is the safest place to bring up children. In addition, you will find the surrounding countryside with beautiful coastal walks as well as the picturesque New Forest.

Today, Bournemouth is one of the most popular resorts in the country. Often the winner of 'Britain in Bloom', the town has gardens that are superb all year round. Through the town centre flows the river Bourne (from which Bournemouth takes its name).

Famous people such as David & Victoria Beckham, Jamie Redknapp (footballer), his wife Louise (pop star) and Madonna all own properties within 3 miles of Bournemouth.

There are plenty of department stores such as Marks & Spencers and Beales, as well as a diverse choice of shops. Bournemouth is well known for its designer boutiques, jewellers and antique shops. If you like shopping, you will definitely feel like you're in heaven!

Culture

Bournemouth University is among the largest universities in the south of Britain. Many foreign students come to study in Bournemouth every year and this is the reason why there is such a lively and cosmopolitan atmosphere.

Bournemouth

Portsmouth

Portsmouth is the second largest city in the county of Hampshire on the South Coast of England. As a significant naval port for centuries, Portsmouth is home to the world's oldest dry dock commissioned by King Henry VII in 1495 at Portsmouth's Historic Dockyard.

Portsmouth Dockyard is also home to some famous ships, including "HMS Warrior", the Tudor carrack "Mary Rose" and Lord Nelson's flagship, "HMS Victory"

Did you know?
that this city is the birthplace
of Charles Dickens?

Corfe Castle

Corfe Castle is a fortification built by William the Conqueror in the 11th century that stands above the village of Corfe in the county of Dorset. Part of the English National Trust and only 8 kms away from both Swanage and Wareham, it is a major tourist attraction with more than 1,000 years of history to discover.

It is believed that King Edward the Martyr was stabbed to death here on the orders of his stepmother in 978 AD, so that her son Ethelred 'The Unready' could rise to the throne.

You can find really old traditional pubs here. One which is actually an 'old watering hole' (e.g. it has a 'well' and free running water underneath it) in fact, the pub is so small you might miss it. The village has amazing cottage style country shops and houses with thatched roofs (made of straw) and you can take the steam train that runs from Corfe (Castle) to Swanage and back again. It is an idyllic, quaint English country village, with two churches and at least three different pubs and other cafes. You can also choose to sit and sample an English cream tea whilst looking at the castle ruins.

Wimborne

The small market town is dominated by the two towers of the imposing Minster church, but offers a whole lot more. The Minster was built in the 12th century and is recognised for its unusual chained library which is one of only four surviving chained libraries in the world.

The town's shops include many antiques and curios as well as a modern centre. There is an antiques market on Friday, a flea market on Saturday and a huge combination of the two on Sunday.

The historic town is beautifully situated in the picturesque water meadows of the River Stour, where it joins the clear, free flowing River Allen. The town's recorded history dates back to the 8th Century and there are many historic buildings, narrow streets and delightful squares and courtyards to explore.

Every year in June, Wimborne Minster's streets and small squares are filled with hundreds of musicians and dancers for the colourful Wimborne Folk Festival, the largest event of its kind in southern England.

Poole

Nearby, Poole boasts the largest natural harbour in the world and the lovely nature reserve of Brown Sea Island lies in the middle. Pleasure boats wait at the quayside and regularly make the short trip over to the island. Poole Harbour is a great location for water sports like windsurfing, yachting and sea fishing.

Tower Park leisure complex offers a host of up-to-the-minute entertainment facilities, including water slides and Laser Quest.

The town's picturesque old quay retains its 18th-century atmosphere and is an ideal location to have something to eat while overlooking the bay.

Christchurch

Christchurch is uniquely situated on the shore of its own harbour, close to the magnificent Dorset World Heritage Coast and the tranquil New Forest National Park.

It is truly an amazing combination of fascinating heritage, beautiful coastline and countryside with a wide variety of attractions. With a great range of places to eat and drink, a wealth of things to see and do, plus a variety of festivals and events. There is something to suit everyone whatever your age or taste.

Bournemouth is a very entertaining town to stay in with a variety of events all year round and more nightlife than the West End of London!

Lessons always take place in the mornings, so what is there to do in the afternoons? You can use that time to do some self-study of course, or you could chill at the beach or at one of the many coffee shops around Bournemouth. You could also book an excursion with us. Premium junior summer courses at the very best locations in Britain!

What does 'Gold Edition' mean?

We have titled our most spectacular and superb language school places 'Gold Edition'. These are located in special places, have a lot to offer and are very high quality in all aspects, e.g. as for the leisure facilities, the food and accommodation.

Thus, for example, all students are accommodated in boarding houses on the school or university campus. Also absolutely everything in our school locations of the Gold Edition is included in the price, e.g. any admissions. Only extra training, which has nothing to do with a language course, for example a tennis course, is optionally bookable.

Gold Edition language courses have more to offer than any other centre in the UK. You will have more excursions, more high quality activities, smaller classes and more lessons than in any other language school in England.

Located in the heart of the capital city, Valletta. Valletta is a UNESCO world heritage city built by the knights of Malta in the 15th century.

Cavendish School in Malta

Area

The school is located in the heart of the capital city Valletta. Valletta is a UNESCO world heritage city built by the knights of Malta in the 15th century and has been listed within the top 20 of UNESCO world heritage sites to visit.

The central bus station is only about 3-4 walking minutes away from the school. Also the ferry connections to Sliema are quick and easy to catch (2 min walk to the ferry, 5 min actual ferry ride). Our direct neighbour is the French Embassy and one block away you will find the huge pedestrian zone, with various shops and restaurants.

The school

The house in Valletta, where our school is situated, was built in the 1900's. It was the home of a wealthy businessman and is today, after complete renovation, even more elegant and inviting than before. Amongst the 40 language schools in Malta, we are one of only two schools whose licence has been granted to operate from Valletta. This is a huge advantage for

our students. Escape the crowd and study in a relaxed environment in beautiful Valletta with its many shops and restaurants. And if you wish to experience a great nightlife, buzzing Sliema and St Julian's Bay are only a few minutes away by ferry or bus.

In our school you will find:

- Air conditioned comfort with natural light all year round.
- A typical modern Maltese establishment.
- Audio-visual equipment.
- Stationery and workshop.
- Internet café & Wi-Fi.
- Lift to all floors.
- Cosy cafeteria and lounge area.
- An apartment with roof-top terrace (for our English language students bookable as holiday home).

Our language courses

Our courses will be, depending on the level of study, of mixed nationality. The

courses start every Monday and are a minimum of one week long. Finally and most importantly, although there is a maximum of 12 students per class, most of the time classes are much smaller (3-8 students).

Because we offer classes for small groups, teachers can pay more attention to each student.

We are one of only two schools whose licence has been granted to operate from Valletta

Why learn English in Malta?

Cavendish School of English.

Teaching English

English is one of the two official languages of Malta – a heritage of 164 years of British colonialism.

What better place could you combine your holidays with the intensive improvement of the English language, than Malta?

This south European island in the Mediterranean Sea, located to the south of Italy, became an ideal study site for language schools in recent decades. This is because of the long-time occupation by the British, so almost every Maltese inhabitant speaks English. In addition, because of the ideal conditions, Malta is a popular tourist destination.

It has a typical Mediterranean climate with warm seawater and a well-developed hotel and gastronomic infrastructure.

As such, Valletta, where our school is located, is like an open-air museum of exceptional beauty.

Why a language school in Valletta?

Valletta is just beautiful. It was built by the knights of Malta in 1573. You can still see this today, because most of the original architecture is well-preserved. There are high walls surrounding the peninsula with various buildings in baroque style, which were not only for protection against attacks but also a life supply for the knights.

Valletta is the smallest capital within the EU. One huge advantage is that everything can be easily reached on foot. The charming capital is a vivid, cultural and economic centre. There is a multitude of little pubs, cafes, stores and restaurants which will please you in your free time. In addition you will find cinemas and theatres, one of which is the oldest used baroque theatre in Europe. By the way, Valletta is running for the Cultural Capital of Europe 2018. Preparations are already underway.

From Valletta you can easily get to the other parts of Malta: The coach station is only a 3-4 minute walk away from our school. It is very easy to visit the medieval city of Mdina or the sandy

beaches of Malta after your lessons. The journey on the bus to every part of the island is short and inexpensive. For example you could visit Sliema, where you can find many stylish stores and cafes. It can be reached by foot in 15-20 minutes or by bus or ferry within 5 minutes. You could also visit St. Julians, which is illuminated by night; it takes 25 minutes to get there by bus.

To summarise: Valletta, the island's capital, is a beautiful and attractive destination for language learning and travelling too.

Courses

Valletta

General courses

General English programmes are the most popular courses and are especially suitable for adult participants (aged 16 and older), who want to make maximum progress in a short time. It is ideal for anyone, who doesn't want to improve their English for a specific professional purpose (ESP), since the focus is on the development of the communication skills in daily situations.

The general English programmes are divided into the following levels – from Beginners to Advanced learners, based on the Common European Framework of Reference for Languages (A1 to C2). The lesson materials have been created by the University of Cambridge and guarantee that students have fun while learning. The aim of our course is to develop quickly students' self-confidence and English language. Each student will learn in a relaxed teaching atmosphere.

IELTS examination preparation courses

We offer IELTS courses for a duration of 4-12 weeks. These courses will prepare

you for the IELTS exams which can be taken at the end of the course. IELTS is a widely recognised language level system in which you can score up to 9 points. Universities around the globe expect students to have an IELTS score of between 5.5 and 8.5 depending on each university.

One-to-One tuition

For the maximum learning experience choose a course where there will be a dedicated teacher just for you. Or you could share the costs with a friend and have a one-to-two language course. The teacher will teach you according to your wishes. Please let us know if you have special wishes so that we can make sure the teacher is prepared accordingly.

Special courses

Students who are interested in an English course for professional purposes (e.g. English for medical or legal parlance, banking and accountancy, as well as for Cambridge Certificates) must tell us at least four weeks in advance. This will ensure that teachers are available at the start of the course. Students may bring their own books for these courses.

Individual lessons and specialised courses

Lessons don't have to take place in a classroom. Alternative possibilities can be arranged with the school office.

Malta Family programmes

Our family programmes allow adult and young learner students to be on the same timetable and explore the beautiful area in and around Valletta after studying. Malta is the perfect holiday destination for families, and has lots to offer to both adults and children of all ages. Join our school in Malta and see for yourself!

Malta has a lot to offer in your free time

One of Malta's many festivals

The mild climate makes the island attractive for outdoor activities, both in winter and in summer.

During the winter months, golf, visiting historical places and going for a walk are very popular.

On the other hand, aquatics and other beach activities are very popular too. The Mediterranean Sea is ideal for diving and windsurfing and depending on the season, special courses of different levels can be booked.

Valletta has a cinema with eight halls and every film is shown in English.

Concerts by international artists, theatre and art exhibitions take place almost all year round (September to June).

There are also open-air events, like traditional productions of Shakespeare in the gardens of the presidential palace and the annual festival of jazz at the quay of the Grand Harbour (July) or the annual fireworks festival around the island.

The museums are open all year, as are the pubs, nightclubs and restaurants, which offer dishes from all around the world.

The importance of Christianity is represented by the church consecration festivals (Festas) in the villages and from June to September no week goes by, without there being a Festa somewhere in Malta or Gozo. During these festivals the village and the church are decorated with thousands of lights and the community worships their patron saint by way of a musical pilgrimage through the village. The highlight of every Festa are the fireworks.

Tips for Valletta:

- St. John's Co-Cathedral (gorgeous baroque church)
- Multivision show "Malta Experience" – 7000 years of Malta's history
- Jazz sessions during the summer months every Friday on the steps of St. Ursula Street

- End of September: "Notte Bianca" – a kind of "Night of museums" where there are also celebrations in the streets
- January: "Valletta Baroque Festival" – a celebration for lovers of baroque music

Aquatics

Aquatics is the most popular free time activity in Malta. The bathing season lasts from May to November, but in winter the water temperature usually will not be less than 15°. People who enjoy aquatics will find good conditions all year round. The sea is always close: 190 km of coast is always reachable in a short time.

Maltese beaches are excellently maintained. Surfboards, motorboats, small sailing boats, canoes or pedaloes or diving equipment can all be rented.

Diving

The clear, deep blue water around Malta, as well as the various cliff coasts are famous amongst diving fans. With a clear view underwater, often more

Watersports are a real 'must' in Malta!

A perspective on Valletta.

than 40 meters, the extraordinary world of coral reefs, caves, grottos and cracks is perfect for divers and underwater photographers. Because of the diversity of species, the very good water quality and the excellent view of the rocky sea bed, the diving areas around Malta are said to be one of the best in the world. What's more, whatever your ability is, this underwater experience is open to all.

Golf and walking

Malta's golf course is located close to Valletta and welcomes its guests all year round. Golf equipment can be rented and you can also book golf classes if you like. The school is happy to find out prices for you.

In and around Valletta is a lot of development, but along the cliff line on the west of the island, in the north and on Gozo there is still beautiful countryside, to take longer walks and go on excursions. Tours can be organized by yourself or the staff of our school- all you need are sturdy shoes and sun block - also during winter months.

Food and entertainment

In the main streets of Valletta as well as on the shore there are various restaurants, which offer very good food. The variety is so superb, that you will never have to visit the same restaurant twice. Also in other parts of

Maltese cuisine.

Malta and on Gozo there are a variety of pubs, wine bars, night clubs and restaurants, which offer local cuisine as well as food from all over the world.

Accommodation

Our penthouse terrace

There is a wide range of accommodation in Malta, from 5 star Hotels to family-operated B&B. In addition to this, host accommodation is provided by English speaking Maltese families. If you wish, we can book accommodation close to the school, along the main bus route.

Roof terraced apartment

The roof terraced apartment is in the building of our school on the top floor. Not only is the journey to school eliminated if you stay here, you can also enjoy absolute relaxation after lessons. You can rent one room or the whole apartment. It has two bedrooms (1x double bed, 2x single beds with balcony), an eat-in kitchen (electric stove, microwave/oven, sink, couch, TV) as well as a bathroom with a shower and a washing machine. If you only rent one room you might have to share the living, eating and bathroom area with the guest of the other bedroom. The two big roof terraces (existing patio furniture) are by far the highlight of the apartment. Here you can relax and look at the lovely view over the roofs of Valletta.

Home stay accommodation

Accommodation with private hosts is the ideal way of really getting to know the Maltese culture and local life. It also ensures students keep on speaking English language outside of lessons. Following main criteria are guaranteed: private accommodation is carefully chosen and is checked regularly by Cavendish School and the EFL Monitoring Board. Hosts in Malta are required to get a licence before they can take students.

The hosts take special care of the needs of adult students:

- You might live together with other students in single or double rooms.
- From Monday to Friday there will be breakfast and dinner included.
- Saturdays and Sundays you will get a lunch box as well.

Malta University Residence
