Our Philosophy

At Xplore we have woven our five core values into our philosophy, meaning that all our students, no matter the programme they opt for, will be part of the same experience.

1 Social interaction

A student's time at Xplore will be full of social opportunities and the chance to meet others from around the world. We actively encourage friendships through our huge range of team building and interactive activities. Our EFL classes are also supportive of this value as we put the emphasis on communicative learning and student-to-student interaction.

2 Leadership and Communication

We develop from within. We look at our staff as individuals and we support them in any training we can. We do the same with our students who have come to learn English. We don't teach groups; we teach individuals, together. Every student is tested to discover his or her level and joins a class accordingly. We ensure that students feel supported through their time with us and we give them the opportunities to grow into leaders themselves.

3 Language Development

Our language provision is designed with young learners in mind. We have our own syllabus in place for our teachers to work from, and while they will bring their own personal touch to their lessons, every student across all centres will have the same level of teaching. We aim to support, encourage, inspire and create a stimulating environment for language learners, all of which underpins our core value of language development.

4 Local Integration

At every opportunity, we ensure that our students are involved in their local surroundings. We ensure that excursion days are of interest and are relevant to our learners and we promote this by providing pre-excursion information, in English of course! There is also the possibility for some students to integrate with local students on and off campus.

5 Cultural Immersion

Whilst key learning happens in the classroom, we also utilise our cultural outings to ensure our students get as much exposure to English as possible. Trips and excursions, along with activities and friendships are the lasting memories of a trip with Xplore, however we strive for the lasting effect of a student's time with us, to be that of language development.

These five core values ensure that both staff and students feel supported, enriched and empowered throughout their time with Xplore.

English Summer Camps

Summer 2021

Our integrated summer camps are designed for students between the ages 8 to 17 to naturally improve their English language proficiency in an engaging and rewarding environment, taking part in a diverse programme of adventure activities and cultural excursions with the option to include EFL lessons to support language development.

Experience English

Whilst at camp, all our students are integrated with a mix of nationalities and native English-speaking leaders through a blended programme of adventure activity sessions, structured EFL lessons and cultural excursions designed to enhance your students' experience.

In the Classroom

Our EFL courses are accredited by ABLS and taught using Anglia Examinations.

EFL lessons are optional for students, but give a fantastic framework for students to develop their English language skills and can provide a qualification by sitting a suitable Anglia examination.

Activities & Specialist Camps

All our camps offer a variety of adventure activities, such as quad biking, climbing, archery, air rifles, bushcraft and watersports as standard.

We also offer a range of specialist camps combining a focused subject with either EFL lessons or activities.

Accredited by ABLS

You can be assured all courses are led by qualified staff in a safe and managed environment.

Xplore has been inspected by ABLS, a UK Visa and Immigration approved body

Health & Safety

All of our H&S standards comply with UK government guidelines and all centres and activities have fully comprehensive risk assessments.

Coronavirus (COVID-19)

We are pleased to advise that our centres are operating under COVID-secure guidelines and all appropriate measures will be in place.

We hold the Visit England's 'We're Good to Go' industry standard.

	Centre	Age	Capacity	Ideal for...
1	Camp Brandeston	8 to 14	50 beds	Younger campers
2	Camp Langley	10 to 14	100 beds	Students looking for adventure
3	Camp Culford	12 to 16	180 beds	London and Windsor Castle
4	Camp Framlingham	13 to 17	270 beds	Independent teenagers

English Summer Camps

Sample Programme

This is a sample programme for our standard 14-night summer camp programme.

	Morning	Afternoon	Evening	
Sat	Arrival and Orientation			
Sun	English Placement Test	Activity Sessions / Specialist Camp	Evening Activities For example: talent show, disco, DVD night, sports tournament, casino night and campfire	
Mon	EFL Lessons	Activity Sessions / Specialist Camp		
Tue	EFL Lessons	Activity Sessions / Specialist Camp		
Wed	Full Day Excursion			
Thu	EFL Lessons	Activity Sessions / Specialist Camp		
Fri	EFL Lessons	Activity Sessions / Specialist Camp		
Sat	Full Day Excursion			
Sun	Activity Sessions / Specialist Camp	EFL Lessons		
Mon	Activity Sessions / Specialist Camp	EFL Lessons		
Tue	Activity Sessions / Specialist Camp	EFL Lessons		
Wed	Full Day Excursion			
Thu	Activity Sessions / Specialist Camp	EFL Lessons		
Fri	Activity Sessions / Specialist Camp	EFL Lessons		
Sat	Departure			

EFL lessons replaced by activity sessions if choosing our Language Activity Camp (No EFL) package

Programme includes:

- Airport transfers from/to London Heathrow when students arrive/ depart at specified times
- 14 nights accommodation
- Full board (special diets can be catered for on request)
- Saturday or Sunday arrivals/departures for groups
- Multi-activity sessions
- Excursions (include transfers, lunch and entrance fees)
- 24-hour care and supervision
- English language lessons
- Experienced teaching staff (incl. CELTA/TEFL certified teachers)
- Course materials
- Progress report
- Internationally recognised qualification according to CEFR – Common European Framework for Reference for Languages (A1-C2)
- *Travel insurance referral upon booking confirmation*

2021 English Summer Camps

Dates & Prices

All programmes and prices are subject to availability

Your summer, your choice - EFL lessons included as standard or enjoy natural language immersion

Camp Brandeston

Camp Langley

Camp Culford

Camp Framlingham

		3rd-10th July	10th-17th July	17th-24th July	24th-31st July	31st-7th August	7th-14th August	14th-21st August
Camp Brandeston	8 to 14	Language Activity Camp		LEGO Robotics Camp* Language Activity Camp		Language Activity Camp		
Camp Langley	10 to 14		Football Camp Language Activity Camp		Football Camp Language Activity Camp		Football Camp Language Activity Camp	
Camp Culford	12 to 16	Horse Riding Camp Leadership Camp** Language Activity Camp		Horse Riding Camp Language Activity Camp		Horse Riding Camp F1 in Schools - Summer Camp Language Activity Camp		
Camp Framlingham	13 to 17	Robotics Programming Camp F1 in Schools - Summer Camp Language Activity Camp		F1 in Schools - Summer Camp Leadership Camp** Language Activity Camp				

All prices based on 2 weeks (14 nights)	Price per Student	
	Individuals (Gross)	Groups (Net)
Language Activity Camp	£1,815	£1,320
Language Activity Camp (No EFL)	£1,615	£1,205
LEGO Robotics Camp*	£1,915	£1,420
Football Camp	£1,985	£1,485
Horse Riding Camp	£2,140	£1,645
Leadership Camp**	£1,875	£1,380
F1 in Schools - Summer Camp	£2,399	£1,899
Robotics Programming Camp	£2,065	£1,570

* LEGO Robotics is a 1-week course during first week at camp

** Leadership is a 1-week course during the second week at camp

Group Bookings

Group prices are based on a minimum of 10 students with 1 group leader travelling together on the specified arrival and departure dates. We offer 1 free adult place on a ratio of 1:10 students. Group prices are net.

Groups can stay for longer than 2 weeks and we can offer flexibility for arrival on Saturday or Sunday, however please be aware that the level of integration may differ should your group arrive or depart on a date other than those outlined above.

Individual Bookings

Individual student prices are based on a minimum of 2 weeks stay, although 1-week and 3-week prices are available upon request, subject to availability and above arrival dates must be adhered to.

We offer commission to agents based on the number of individual students they send. All commission rates are agreed upon signing an agent agreement and range between 15 and 20%. Xplore Camp Leaders are then responsible for the pastoral care of our individual students on-site, meaning there is no requirement for agents to organise a group leader.

Football Camp

Football is the biggest global sport with players and fans of all ages from all over the world!

Our Football camp is perfect for students who want to improve their football skills whilst developing their English alongside other students with a shared passion for the beautiful game. This camp is best suited to those with prior football experience.

Our football coaches are licensed and qualified for junior football training and the sessions are designed to develop players based on their age and ability.

This 2-week camp will consist of 1-2 football training sessions per day (except excursion days) delivered in English. Students can then choose to support their English learning through structured EFL lessons or multi-activity sessions.

Course Includes

Training sessions can take place on both indoor and outdoor pitches where coaches take time to improve technical ability, enhance individual skills and practice team building as well. Our aim throughout the course is that everyone is supported according to his or her individual criteria and abilities.

The course will also include the chance to play against a local team in a friendly match, where students can test their new skills and experience playing against international players.

Equipment Required

Players will need to bring enough football training clothing with them to wear throughout the camp, including trainers for indoor training and synthetic pitches and football boots for grass pitches. Shin pads are required for matches.

Highlights

A special highlight of this course is that players will go on a stadium tour during one of their excursions. All players will get to visit a Premier League stadium during their London excursion.

Students will also be awarded with a certificate at the end of the 2-weeks.

Camp	Age Group	Camp Dates		Price per Student		
				Individuals (Gross)	Groups (Net)	
	Camp Langley	10 to 14	10th July	24th July	£1,985	£1,485
			24th July	7th August		
			7th August	21st August		

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

Horse Riding Camp

Horse Riding is both a sport and a pastime enjoyed worldwide – our course focuses on the sporting elements of show jumping and dressage as well as covering the basics of grooming and stable management.

Our Horse Riding Camp is perfect for students who have a love of horses and would like to improve their stable management and riding ability alongside developing their English language skills with other keen riders.

This 2-week course is suitable for both beginner and more advanced riders, however we would recommend students to have some experience of being around horses.

When our Horse Riding students are not at the stables, they will be on-campus taking part in either fun and interactive EFL lessons, or a programme of adventure activities in addition to enjoying excursions to local towns, cities or attractions.

Course Includes

This 2-week long course includes 20 hours at the stables; there will be 4 sessions each week on Monday, Tuesday, Thursday and Friday in either the morning or afternoon (Wednesdays will be reserved for an excursion). The students will have half a session of riding and half a session of stable management.

Our riding instructors are Pony Club qualified and will begin by assessing all students, including basic riding positions in walk, trot and canter.

During the course, students will also learn stable management and how to safely handle the horse, including securely tying up, leading, grooming, tacking up and feeding.

At the end of the 2-weeks, our riders will have the opportunity to show off new skills with a 'Dressage and Show Jumping competition' where rosettes will be awarded. Students should have a much better understanding of equestrian care and stable management and will have improved their riding ability.

Equipment Required

Students should not bring riding helmets, all helmets and equipment will be provided due to British Standards. Riders are welcome to bring their own specific riding clothing such as jodhpurs and boots.

Highlights

At the end of the two weeks riders will be awarded certificates and rosettes for their achievements.

Camp		Age Group	Camp Dates		Price per Student	
					Individuals (Gross)	Groups (Net)
	Camp Culford	12 to 16	3rd July	17th July	£2,140	£1,645
			17th July	31st July		
			31st July	14th August		

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

LEGO Robotics Camp

“Lego” derived from the Danish phrase “leg godt”, meaning “play well” has children and adults worldwide using their imagination and creativity to construct an infinite number of worlds, characters and objects.

Our LEGO Robotics Camp is perfect for students who love being creative, building with LEGO and want to experiment with LEGO Mindstorms programming alongside developing English language skills.

No prior experience of LEGO building or robotics is required but we do recommend for students to have a basic understanding of using a computer, for example using a mouse and a keyboard.

LEGO Robotics is a one-week course*; which takes place in the first week at camp alongside either structured EFL lessons or multi-activity programme. During the second week, students switch to full multi-activity programme with or without EFL as desired.

Course Includes

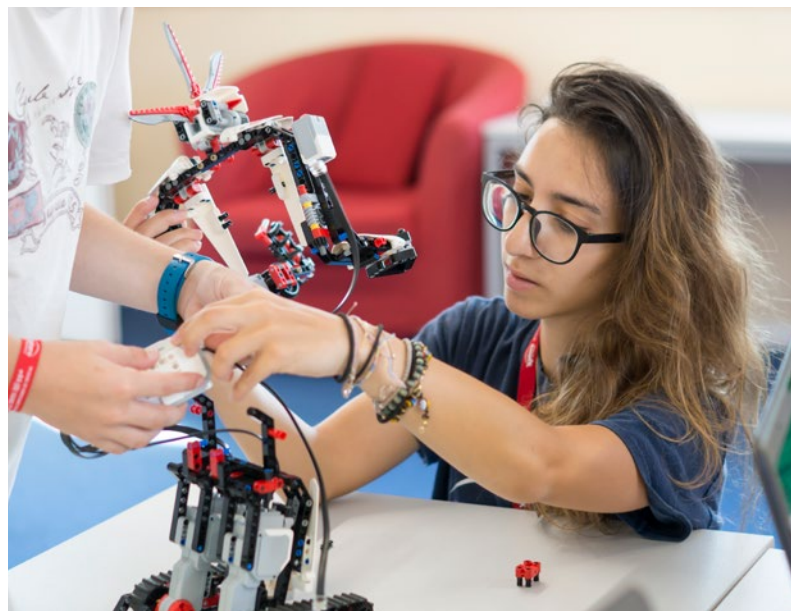

During the 1-week course, students will have 5 three-hour sessions either in the morning or the afternoon, learning how to build and programme a basic robot to complete tasks set by our instructors, such as self-steering or following colours.

Each session will involve lots of construction and communication, sharing ideas and thoughts with other students and our course leader.

Students will learn basic linear programming, developing their ICT skills at the same time as developing English language communication skills such as speaking, listening and reading.

Equipment Required

Students do not need to bring any equipment with them, all materials will be provided.

Highlights

At the end of the week, there will be a competition to test the LEGO robots skills and all students will receive a certificate to show their completion of programme.

Camp		Age Group	Camp Dates		Price per Student	
					Individuals (Gross)	Groups (Net)
	Camp Brandeston	8 to 14	17th July*	31st July	£1,915	£1,420

*LEGO is a one-week course and takes place in the first week at camp.

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

Robotics Programming Camp

Technology and robotics are at the forefront of the modern world – discover a world of engineering and science combined with creativity.

Our Robotics Programming Camp is perfect for students who want to experiment and learn more about robotics and programming alongside improving their English.

No prior experience of robot building or programming is required but we do recommend for students to have a basic understanding of using a computer, for example using a mouse and a keyboard.

Students may also find having a basic understanding of ICT language helpful and although not necessary, any students with an understanding of linear programme creation will enjoy this camp too!

Students will learn how to construct robots to suit different functions. The programmes needed to operate their systems will vary and students will learn how to develop, adapt and change programming utilising different input sensors on their robots.

Course Includes

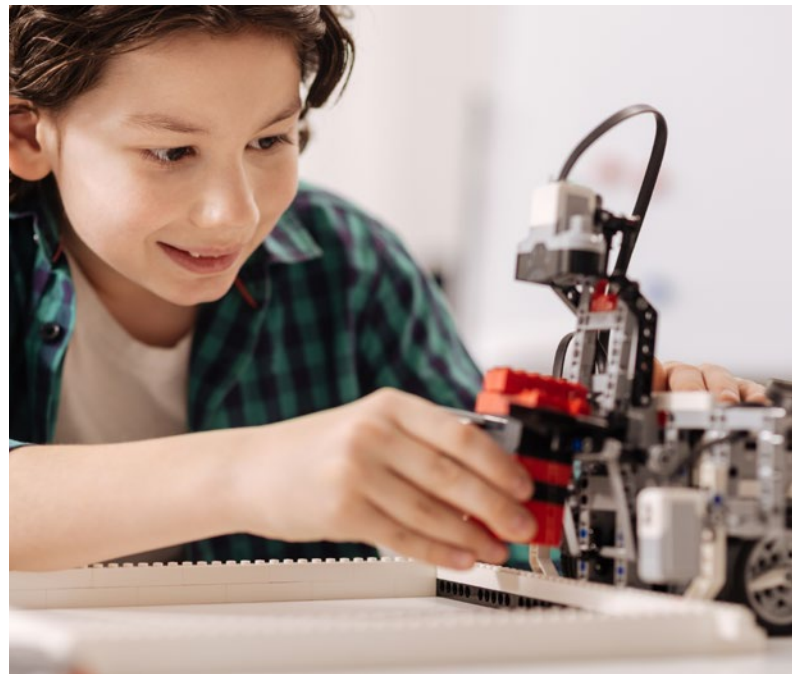

The robotics course is a total of 24 hours taking place over 8 x 3-hour sessions.

During these 8 sessions, students will learn how to construct robots to suit different functions, for example navigation or find and retrieve tasks.

Students will also learn how to write, run and debug linear programmes, which controls their robot. The terminology required for this, robotic programming and construction skills will help support developing students' English language skills and confidence.

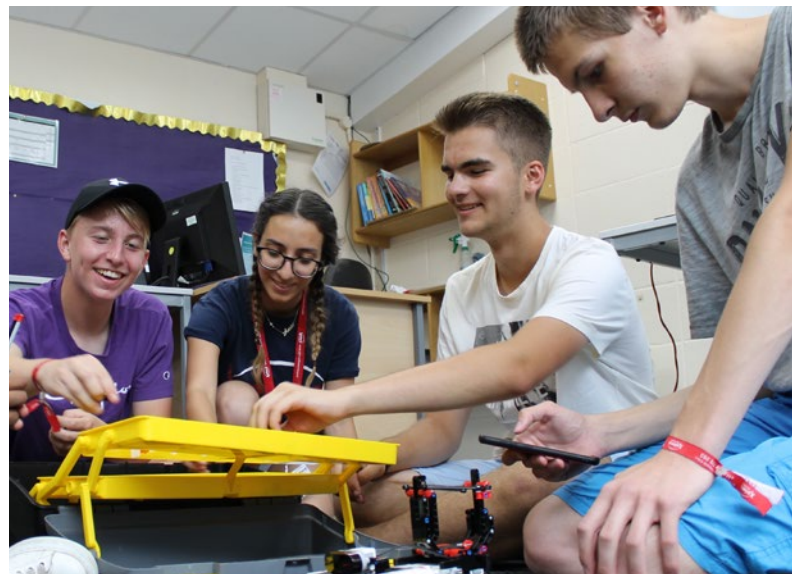

Equipment Required

Students do not need to bring any equipment with them, all materials will be provided.

Highlights

After completing the 2-weeks, all students will receive a certificate to celebrate their accomplishment.

Camp		Age Group	Camp Dates		Price per Student	
					Individuals (Gross)	Groups (Net)
	Camp Framlingham	13 to 17	3rd July	17th July	£2,065	£1,570

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

Leadership Camp

"If your actions inspire others to dream more, learn more, do more and become more, you are a leader."

- John Quincy Adams

Our Leadership Camp offers older students a unique cross-cultural opportunity to build and develop skills in key areas of leadership – we hope through this camp we can inspire our teenage students to become global citizens.

During the 1-week course*, our specially trained and experienced camp instructors will guide our 15 to 17-year-old students through a series of sessions designed to test and develop their effective team work, problem solving, communication and presentation skills.

Course Includes

The course will be made up of 3-hour daily interactive workshops, in which we cover all aspects of developing key skills in leadership – from idea sharing, to understanding others and their behaviour, public speaking and entrepreneurship.

In addition to these workshops, we also ask our Leadership students to actively participate in evening sessions, shadowing our camp staff, culminating in challenging the students to design an evening of their own to inspire and engage their younger peers on-site.

By the end of the week, our students should feel confident in leading and inspiring others.

Equipment Required

No equipment will be required as this will be provided, however students will need to bring sensible outdoor clothing and a strong can-do attitude to get stuck in.

Highlights

Students will also enjoy their own independence during our excursions, allowing them to explore and discover their excursion destination for themselves.

Camp		Age Group	Camp Dates		Price per Student	
					Individuals (Gross)	Groups (Net)
	Camp Culford	12 to 16	3rd July	17th July*	£1,875	£1,380
	Camp Framlingham	13 to 17	17th July	31st July*		

*Leadership is a one-week course and takes place in the second week at camp.

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

Summer Camp

NEW FOR 2021: Exclusive summer camp provider for the F1 in Schools global STEM Challenge

The aim of this 2-week STEM challenge is to design, analyse, make, test, modify and then race a model F1 car.

Seems straightforward? This course is so much more, in addition to applying science, students will also need to apply real life skills such as project management, teamwork skills, following instructions, speaking and listening skills in English as well as recognising their own and others personal strengths.

Each course will cater for a maximum of 18 participants, allowing for 3 teams of 6 students. Each team will consist of a Team Project Manager, Manufacturing Engineer, Design Engineer, Graphic Designer and Resource Manager.

Course Includes

The camp will be delivered in 3-hour sessions on 8 mornings or afternoons over the 2-weeks, totalling 24 hours for the course.

During the sessions, the following topics will be covered:

- Research, design and make a model Formula 1 car
- Analysis of what will impact the car's performance, such as air resistance, gravity and air pressure
- How to develop ideas through sketching, including;
 - Design features that will help the car go faster
 - Identifying causes that would slow the car
- Styling the car
- Testing the car's performance and aerodynamic performance

Equipment Required

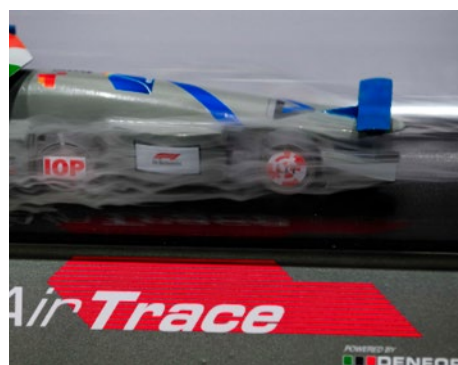

No equipment needed, this course is fully resourced.

Highlights

Not interested in Motor Racing or STEM?

This camp is still for you! It offers a fantastic opportunity for young adults to explore lots of valuable real-life transferrable skills in a fun, interactive summer camp environment.

Camp		Age Group	Camp Dates		Price per Student	
					Individuals (Gross)	Groups (Net)
	Camp Culford	12 to 16	31st July	14th August	£2,399	£1,899
	Camp Framlingham	13 to 17	3rd July	17th July		
			17th July	31st July		

Course sessions are subject to change and will require a minimum number of participants to run. Xplore will notify all participants in advance if the course is cancelled.

An overview of our Language Provision

All our Xplore teachers are trained in our methods, our philosophy and our ethos. We are absolutely dedicated to having the very best language provision for your students so that not only do they have an outstanding programme with us, but they go home having made leaps and bounds in their English.

Our Director of Studies is Diploma qualified and has formulated this programme to exactly fit the needs of Xplore students attending our short-term language courses.

During your students' time with us, they will study English through many topics and subjects and while we are aware of the importance of grammar and function of the language, we are basing our syllabus on communicative and interactive lessons for the students. They will be able to exercise their English in debates, through role play and using their imagination.

Our syllabus is based on the Common European Framework Reference (CEFR) and we work at those levels in the classroom. In this way we can ensure that each student can understand the tasks and contexts, but by the same token be stretched. Each of our teachers are trained on the CEFR, ensuring that all of the students are constantly monitored and can be rearranged in level or class, if that should be deemed necessary.

We have gone to great lengths to ensure that all of our teachers have the same Xplore training, as well as their own TEFL qualification. We have the same excellent standard of language provision across all of our centres and time of year, which is fundamental to our programmes as we can therefore guarantee you, as an agent, that no matter which centre or time of year you choose, you can be assured of the high language standards.

Our Approach

Our method is one of natural acquisition, sure to support even the shyest of students, to ease them into a natural and normal way of communicating in English. Relying on the authenticity of the tasks and language we present, we support and encourage our young learners to start being comfortable with taking linguistic risks, taking strides forward and using the language with comfort. Natural Acquisition allows students to leave the course with a firm grasp on the language, in an authentic, natural way.

We strive to give students the tools to achieve more. Whether that be in the activities or the English classroom, we ensure we equip them for success. Each of our teachers have received our own in-house training, supported by an Academic Manager and a Director of Studies.

Common European Framework Reference (CEFR) Pathway Table

Anglia Examinations

How Anglia Examination levels relate to other examination bodies:

CEFR	Anglia Examinations	Cambridge YLE/Main Suite	TOEIC	TOEFL IBT	IELTS
C2 Mastery	Masters	CPE			9
C1 EOP	Proficiency in Business English Accept Proficiency	CAE	490/455 200/200	110-120	8 7.5 7
B2 Vantage	Advanced Business English Advanced	FCE	400/385 160/150	87-109	6.5 6 5.5
B1 Threshold	Intermediate Intermediate Business English Pre-Intermediate	PET	275/275 120/120	57-86	5 4.5 4
A2 Waystage	Practical Business English Elementary	KET Flyers	110/115 90/70		
A1 Breakthrough	Preliminary Primary Junior First Step	Movers	60/60 50/30		

Anglia Examinations operate worldwide, are internationally recognised and are comparable against other EFL examination bodies such as Cambridge, TOEFL and IELTS.

Through their partnership with AIMS, Anglia will award an Ofqual approved certificate to all those achieving a pass grade or higher for B1, B2, C1 and C2 levels.

English at Xplore

After an initial placement test, our mixed ability English classes are taught using Anglia Examination's step-by-step approach. Our time in the classroom is focused on developing and improving language skills through a range of projects, games and individual tasks to cater for all learning styles.
